

Mastering Academic Integrity: Avoiding Plagiarism with Confidence

Visual Storyboard for Online Course

Introduction to the Storyboard

This visual storyboard outlines the structure, content flow, and interactive elements of the online course *Mastering Academic Integrity: Avoiding Plagiarism with Confidence*. It provides a detailed mapping of each module, highlighting engagement strategies, gamification features, and AI integration to ensure an immersive and effective learning experience.

By utilizing AI-powered writing assistants and speech recognition tools, the course offers personalized feedback, interactive exercises, and real-world applications that help learners develop strong academic integrity skills.

Module 1: Introduction to Plagiarism

Time	Visual Elements	Content Flow	Interactive Elements	Gamification Features	Engagement Strategies
5 min.	Background image with course title, animated intro text	Course introduction, learning objectives	Three clickable buttons (What is plagiarism? Why does it matter? How to avoid it?)	Welcome badge for starting the course	Encouraging message, progress tracker

Module 2: Types of Plagiarism

Time	Visual Elements	Content Flow	Interactive Elements	Gamification Features	Engagement Strategies
7 min.	Infographic with categories of plagiarism, Graphic Motion Animation	Explanation of plagiarism types: Direct Copying, Mosaic, Self-Plagiarism	Click-to-reveal interaction with definitions and examples	Points for correctly identifying types	Instant feedback on student choices

Module 3: Why Plagiarism is Serious

Time	Visual Elements	Content Flow	Interactive Elements	Gamification Features	Engagement Strategies
------	-----------------	--------------	----------------------	-----------------------	-----------------------

6 min.	Case study images with text overlays	Real-world case studies on plagiarism consequences	Interactive case study with decision-making questions	Bonus points for ethical decisions	Peer discussion: "What would you do?"
--------	--------------------------------------	--	---	------------------------------------	---------------------------------------

Module 4: Paraphrasing Techniques

Time	Visual Elements	Content Flow	Interactive Elements	Gamification Features	Engagement Strategies
8 min.	Animated step-by-step guide with text highlights	Step-by-step guide on paraphrasing correctly	AI-powered writing assistant for paraphrasing practice, AI Speech Recognition App for voice-based paraphrasing exercises	Achievement badge for successful paraphrasing	Personalized AI feedback on student responses

Module 5: Citation & Referencing

Time	Visual Elements	Content Flow	Interactive Elements	Gamification Features	Engagement Strategies
7 min.	Drag-and-drop citation puzzle with examples	Interactive tutorial on APA citation rules	Citation-building tool where students input sources, Intelligent Agent App for real-time citation assistance	Points for correct citation formatting	Self-check quiz for practice

Module 6: Simulation: Avoiding Plagiarism

Time	Visual Elements	Content Flow	Interactive Elements	Gamification Features	Engagement Strategies
10 min.	Interactive scenario screen with character choices	Scenario-based simulation: Students make ethical writing choices	Choose-your-own-adventure style game	Progress badge for completing scenario successfully	Adaptive hints if students struggle

Module 7: Knowledge Check & Summary

Time	Visual Elements	Content Flow	Interactive Elements	Gamification Features	Engagement Strategies
5 min.	Recap screen with animated checklist	Recap of key takeaways & final quiz	Multiple-choice quiz with explanations	Bonus points for 100% score	Immediate score feedback & retake option

Bonus Module: Kahoot-Style Game Challenge

Time	Visual Elements	Content Flow	Interactive Elements	Gamification Features	Engagement Strategies
5 min.	Live quiz interface with leaderboard	Final challenge game for reinforcement	Timed multiple-choice questions, fast-paced competition	Leaderboard, reward badges	Real-time feedback, group challenge

Technology Integration

Technology	Description
AI Agent	Provides real-time feedback on paraphrasing, citation accuracy, and plagiarism detection, helping students refine their writing skills.
Speech Recognition	Enables voice-to-text functionality for verbal paraphrasing exercises, enhancing accessibility and engagement.
AI Writing Assistant	Supports students with AI-powered suggestions for improving sentence structure, grammar, and citation formats.
Plagiarism Detection Tool	Analyzes student submissions to identify potential plagiarism and provide corrective guidance.
